# Something New for 2017 Christmas in July Arts Fair

## Class Demonstrations and Presentations

We plan to offer instructional and educational classes both days of the event. If you would like to help us with a class please let us know by filling out the form below. The classes would be 30 to 45 minutes in length. This would allow for a demonstration or presentation and a question and answer time. If you are the only person who would be running your booth and selected to teach a class, we would do our best to have someone fill in while you were doing your presentation.

We feel that by offering the demonstrations and/or presentations the public would want to attend the classes and also see all the great and talented vendors that we will have.

There will not be an additional cost associated with the classes for the attendees.

The session times will be limited and a local presenter may not have a booth at this event but can help to offer value to the class line-up. We plan to offer classes on both Saturday and Sunday during the event.
